
DRILLING MILLING MACHINE FOLLOW DM51-SP

Ref: DM51SP FOLLOW

Tech specs

Brand	FOLLOW
Max. boring capacity	50
Max. reaming capacity	50
Max milling capacity	32
Spindle travel (drill depth)	180
Headstock rotation	± 45°
Transmission	Engranes/Gears
Longitudinal and cross feed	Motorizado/Powered
Table travel	600x300
Dimensions of the table	1250x360
Tapper	ISO40
Feed number and range	3 (0,1-0,3-0,15)
Max. drilling capacity	32
Max. distance between the spindle and the table	100-580
Distance spindle center/ column	390
Column type	Prismática
Main motor power	1,5/2,4
Dimensions (length x width x height)	1800x1900x2300
Net/ brut weigth	1800

Standard equipment

- FAGOR X-Y-Z DRO

- Millholder ISO40 D-22

- Clip Holder Set ISO40 A CM 2-3-4

- Powered Movements X-Y-Z

- Mechanical Vice 160mm with swivel base

- Oil System

- Protected Vertical Guides

- Coolant System

- Work Light

- Tool Box

- CE Certificate
